A: Create Issues Under an Epic

Theory:

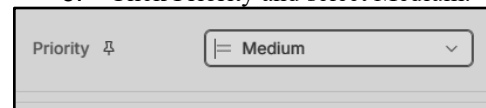

An Epic in Jira represents a large piece of work. Related issues can be created under an Epic to organize and manage the work properly.

Steps:

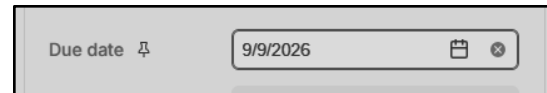

1. Click Create Issue and select the Issue Type.
2. Click Epic.
3. Click Enter.

3. Click Priority and select Medium.

4. Click Due Date and add the due date.
5. Click X to close the issue.

6. See left side click the dashboard and and click the default dashboard
7. Open Dashboard and check the issue.

B: Assign Issues to Users and Set Priority & Due Date .

Theory:

Jira allows an issue to be **assigned to a user**. We can also set its **priority** and **due date** to manage the task effectively.

Steps:

1. Open the 4-A Created Issue.
2. See right side details section and Click Assign to me to assign the issue.
