M 2 :- Practical-9

Roll No.:T017	Name: Radhika Mali
Class:TYIT	Batch:1
Date of Assignment: 23-9-2026	Date/Time of Submission: 23-9-2026

9. Reports & Dashboards

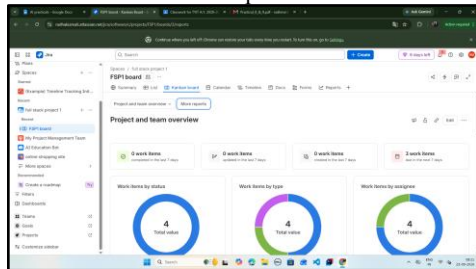

A. Generate Agile Chart and Average Age Report .

Theory:

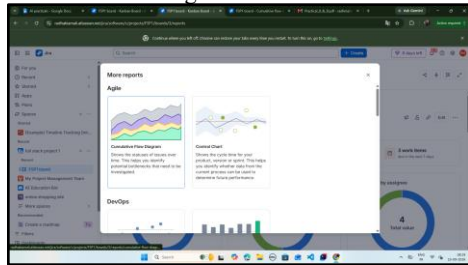

An Agile Chart shows the remaining work over time. An Average Age Report shows the amount of work completed in each sprint.

Steps:

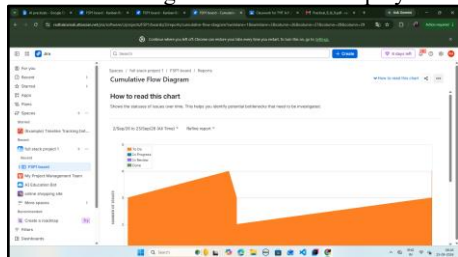

1. Go to Reports.
2. Click More Reports.

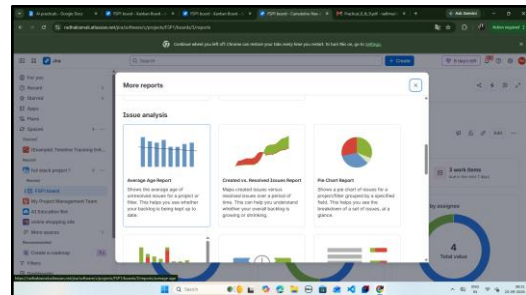

3. Select Agile Chart.

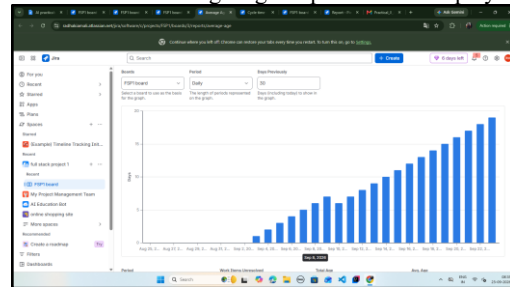

4. The Agile Chart will be displayed.

5. Again go to Reports.
6. Click More Reports.
7. Select Average Age Report..

8. The Average Age Report will be displayed.

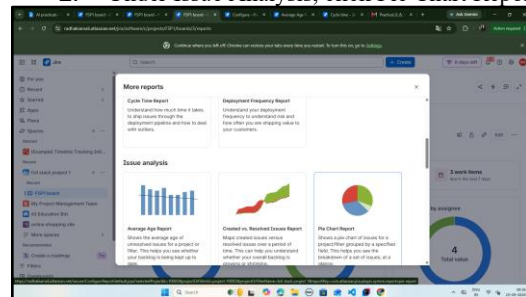

B. Create Pie Chart / Issue Statistics Report.

Theory:

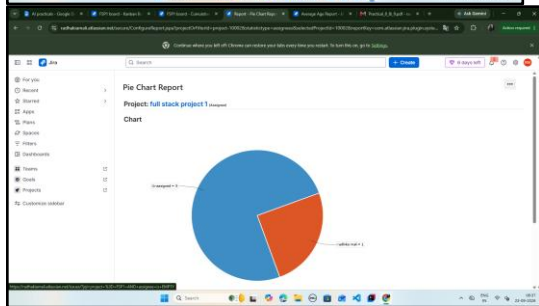

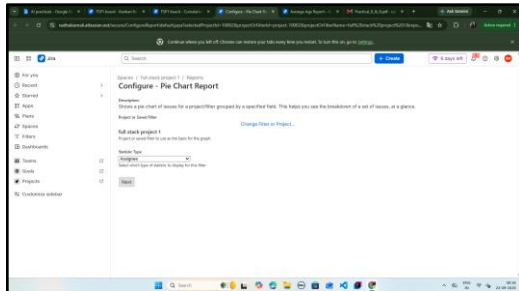

A Pie Chart Report represents issue data graphically. Issue statistics reports help to analyse recently created issues and their details.

Steps:

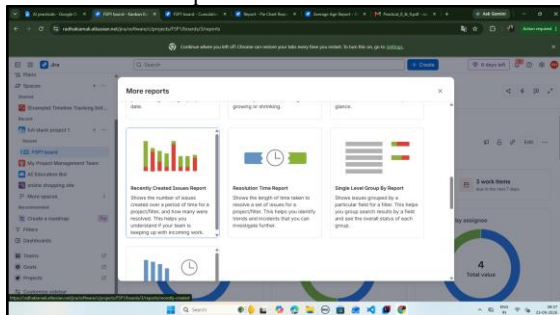

1. Go to Reports.
2. Under Issue Analysis, click Pie Chart Report.

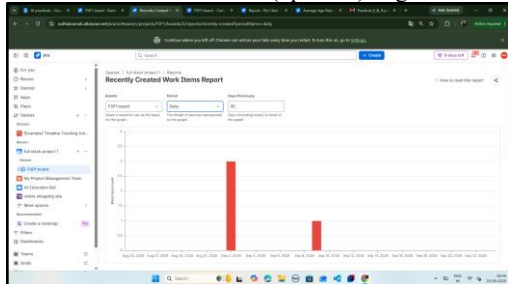

3. Click Next.

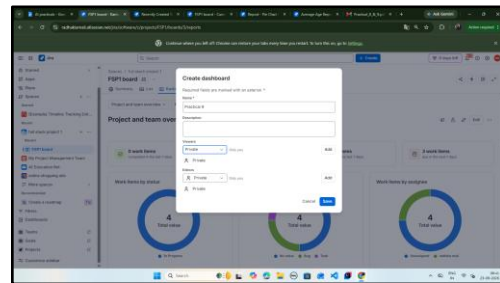

4. Under Issue Analysis, select Recently Created Issues Report.

5. Select the Period (optional) to generate the report.

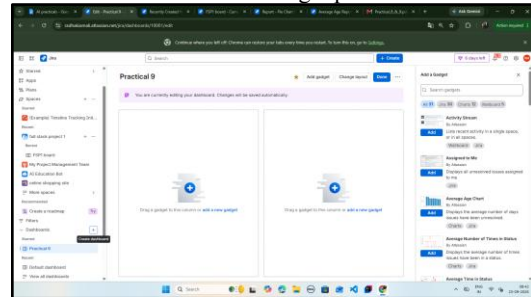

4. Click Save → Dashboard is created.

5. Browse the available Gadgets.

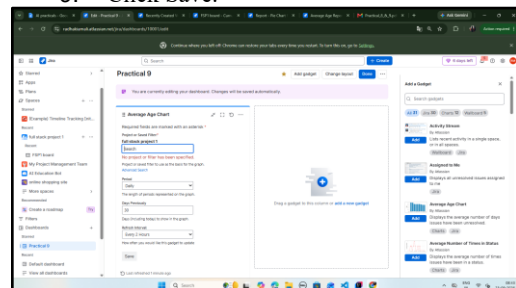

6. Click Add gadget or select the required gadget from the Add a Gadget panel.

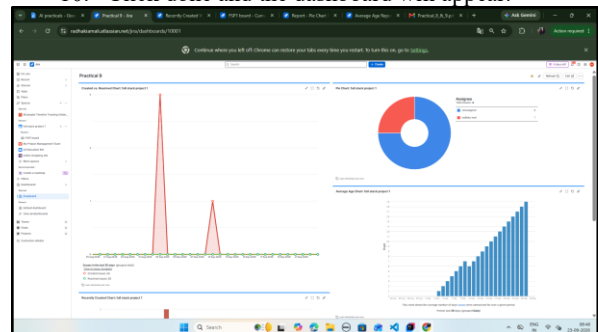

7. Multiple gadgets can be added one after another as required.

8. Customize the gadget by providing the required details.

9. Click Save.

10. Click done and the dashboard will appear.

C. Create a Custom Dashboard with gadgets.

Theory:

A Dashboard displays project information in one place using different gadgets. Gadgets can be added and customized according to the required information.

Steps:

1. Go to Dashboard.
2. Click Create Dashboard.
3. Enter the required Dashboard Name and Description.
